

Set of three introductory modules for universities

Survey

- 1) Did you find the eLearning modules on the Chemical Weapons Convention and the OPCW useful?
- 2) Which lessons or branches did you use? In which Faculty/Institution and for which degree, master or course did you use these resources?
- 3) After using them in your course, has the awareness of the Chemical Weapons Convention and/or the OPCW increased among learners?
- 4) What is the likelihood that some of the learners apply in the future for a vacancy at the OPCW or other International Organization in the realm of non-proliferation and disarmament?
- 5) In your view, do these resources increase engagement of undergraduate and mid-term professionals with disarmament affairs?
